head. "What was his present venture?" Her eye had not changed in expression, nor a tone of her voice, but in her heart was a sickening distrust for all things. Her mind was busy with a multitude of schemes. Fool though she had been, she would not be the instrument of her brother's undoing.

"I've come too far," she cried in sudden dismay. "I should have stopped at the foot of the divide. I've never been over the trail before."

"You foolish child! Why should you stop in the middle of the wilderness?" She wheeled the mare about and faced him, a figure of graven resolution.

"I promised to meet Tom Lorimer there. Now you know."

With which she cracked Dolly sharply with her heel and began to retrace her way over the trail. Peter turned his horse and followed, with the feeling of utter helplessness that a man has when confronted with the granite obstinacy of women. Judith had meanwhile expected that the announcement of her mythical appointment with Tom Lorimer would be received differently. Tom Lorimer's reputation was of the worst. An eastern man formerly, an ascender from justice, rumor was busy with tales of ungoverned merrymaking that went on at his ranch, where no woman went except painted whores from the dance halls. But Peter was too loyal a friend, despite his shortcomings as a lover, to see in Judith's statement anything more than a sisterly devotion so deeply unselfish that it failed to take into account the danger to which she subjected herself.

#### President Arrives in Gale.

Norfolk, Va., Oct. 31.—After fighting a northeast gale up the coast for twenty-four hours, the fierceness of the wind and sea, causing a wide divergence from the usual route, the armored cruiser West Virginia, bearing President Roosevelt from New Orleans, passed in Cape Henry last night, conveyed by the armored cruisers Maryland, Pennsylvania and Colorado. The president was transferred to the Dolphin off Smith's Point at the mouth of the Potomac river for the remainder of his journey to Washington.

## ABSOLUTISM ENDS

The Power of the Great Romanoff Dynasty Is Broken.

### PRACTICAL ABDICATION

Vice Baring Out of All the Russias His Successor and His Hereditary Prerogative For Peace's Sake.

To the Great Count Witte Has Been Given the Authority to Bring Order Out of Chaos.

St. Petersburg, Oct. 31.—"I am sure the American people, who understand what freedom is, and the American press, which voices the wishes of the people, will rejoice with the friendly Russian nation at this moment, when the Russian people have received from his imperial majesty the promises and the guarantees of freedom, and will join in the hope that the Russian peo-

COUNT SERGIUS WITTE.

ple will wisely aid in the realization of those liberties by co-operating with the government for their peaceful introduction. Only thus will it be possible to secure the full benefits of the freedom conferred upon the people."

Count Witte, Russia's first premier, last night sent the above message to the American people through the Associated Press. He had just arrived at his residence on "Kamennoyev" prospect from Peterhof, where, in the Alexander palace, the emperor two hours before had given his final approval to a manifesto and to a program which will forever end the rule of absolutism exercised by him and his Romanoff ancestors for 300 years.

A simple perusal of the manifesto shows how complete is the emperor's abdication of his autocratic power. The very style of the document is clear and direct and devoid of the verbose, vague and bombastic phraseology which heretofore has characterized his majesty's manifestos. It not only betrays real authorship, but shows that the emperor at last has irreversibly bowed to the inevitable. He does not even conceal the fact that the discontent and agitation of his subjects has driven him to take the step and practically yields everything—civil liberty, the inviolability of person, and liberty of conscience, speech and assembly. He not only converts the farcical imperial duma, with only consultative power, into an absolute legislative assembly, without the assent of which no measure shall become law and before which all governmental anomalies must answer, but promises eventually universal suffrage.

The title "Autocrat of All the Russias" with which the manifestos begin, now takes its place with the title of "King of Jerusalem" borne by the king of "pain and the emperor of Austria, and with other obsolete titles of European sovereigns.

J. Pierpont Morgan, Jr., and George W. Perkins were with Finance Minister Kokovsov when the latter received the news. It was a dramatic moment. The minister was called to the telephone, and when he returned he was greatly agitated, and said: "Gentlemen, the old order of things has changed. Russia has a constitution."

The news spread like wildfire throughout the city. The revolutionists and active agitators generally declared loudly that the government's promises would no longer suffice and that the strike must be continued. In fact, an hour after the news became known the revolutionists took occasion to throw the first bomb in St. Petersburg used since the strike began. The incident occurred near the Polytechnic school, but there was no fatality. Practically all classes, except the Socialists and the extreme Radicals, however, read the document with delight and amazement, declaring that it could not fail to rally the Moderates to the support of Count Witte.

By the irony of fate, while the strikers are clamoring for a constitution, it has been impossible to persuade the striking printers to resume work, and therefore not a single newspaper except the official Messenger printed the momentous document for distribution today. Arrangements,

however, were made to placard the manifesto on every dead wall in the city, and the text has been telegraphed to every city, town and hamlet with which there is telegraphic communication. It also has been ordered read in all the churches of the empire.

The effect throughout Russia is expected to be instantaneous. While the extremists threaten an attempt to keep up the present struggle, the best opinion is that the backbone of the strike is broken, but in the final analysis the effect will depend on how far Count Witte will be able to execute the heavy task which he has assumed.

Some persons high in the government believe it still will be necessary to use ball cartridges to suppress the present movement, but Count Witte appears confident. He has become the bridge whereby the people are to cross to constitutionalism.

### Welcomed With Delight.

St. Petersburg, Oct. 31.—The municipal council at its sitting last evening, after reading the Imperial manifesto, decided to send the following telegram to the emperor: "The council welcomes with delight the long desired tidings of freedom, firmly relying on a bright future for our dear fatherland. Hurrah for the emperor of a free people!"

### CORONER'S INVESTIGATION

It Is Believed College Student Was Tied to Railroad Track.

Cincinnati, Oct. 31.—Coroner Scarborough of Mt. Vernon, O., examined the body of young Stuart L. Pierson, the Kenyon college student who was killed by a Cleveland, Akron & Columbus train at Gambier, O., last Saturday night. After the examination Coroner Scarborough stated that young Pierson was on the bridge over the Kokosing river, waiting to be initiated into the Delta Kappa Epsilon, a Greek college fraternity, when he was struck by the train and instantly killed. The coroner stated he found marks on the arms and legs, and on the body indicating that the boy had been tied to the railroad track and thus met his death. The right hand at the wrist was torn from its socket and a narrow bruise encircled the wrist there, as if it was caused by the pressure of a cord or a small rope. Similar wounds were on the ankle and the left foot. Coroner Scarborough refused to say whether young Pierson was tied to the track by the members of the college fraternity, but declared that he would thoroughly investigate the matter.

### THE KEEP COMMISSION

Will Now Give Special Attention to the Land Office.

Washington, Oct. 31.—Acting on a recent letter of the secretary of the interior, stating that he was convinced that defects existed in the organization and business methods of a number of the bureaus connected with this department, and suggesting that the matter be referred to the Keep commission for investigation, the president has requested the commission to enter upon the investigation at its earliest convenience and that special attention be given to the methods of business employed in the general and local land offices, the offices of surveyors general, the reclamation service, and the Indian service. The inquiry will deal with the organization, personnel and business methods employed in the several bureaus of the department, but more especially in the general and local land offices. One of the questions which will receive the attention of the commission is whether the services of receivers at local offices may not be dispensed with without detriment to good administration.

### Habeas Corpus for Dougherty.

## WRECKED IN A CUT

Santa Fe Flyer Piles Up in a Rocky Gorge Near Kansas City.

### TWELVE WERE KILLED

In Addition to This Thirty Were Injured in a Wreck Full of Aggravating Situations.

A Loose Rail Turns the Train and It Is Piled Up in an Inextricable Heap.

Kansas City, Mo., Oct. 31.—Twelve persons were killed and thirty injured in the wreck of the Atchison, Topeka & Santa Fe passenger train, No. 1, known as the California express, which while running at the rate of thirty-five miles an hour, struck a loose rail, ditching live cars, one mile east of Blue River, which is the eastern limit of this city. The wreck occurred at what railroad men call the Rock Creek cut, on a curve, where jagged rock walls on each side of the track from a bluff about a hundred feet high. The engine was going so rapidly that it passed the loose rail in safety, the mail car, immediately behind, jumped the track and struck the side of the bluff to the right and the four cars following plowed through it and shot against the high stone wall at the left. The sides of the coaches were torn off by scraping against the rough stone surface, and passengers and trainmen, ground against the wall, were either killed or badly hurt. The cars which left the track were a mail car, a baggage and express car, the smoking car, the chair car and a tourist sleeping car. The smoking car split the baggage car ahead of it just below the floor line, and the baggage car when it stopped was on top of what was left of the smoking car. The other derailed cars were jammed against the rocks of the bluff except the splintered fragments of the smoker. Pending the arrival of relief trains the able-bodied passengers and trainmen did all they could to care for the dead and alleviate the distress of the injured, and when the doctors arrived most of the dead and injured had been taken out of the wreckage. In many instances it was necessary to dig under the debris to extricate the unfortunate victims. One man in the smoker had been pinned against a hot stove with one foot in the stove, suffering untold agony as his foot was slowly burned by five coils. This was one of many appalling scenes witnessed by the rescuers.

### Two Women Killed.

Winipeg, Man., Oct. 31.—Two women passengers were killed and five other passengers injured in a collision at Dinorwic, a station between here and Fort William, between an east-bound immigrant train and a west-bound freight. Three passenger coaches were destroyed by the fire that ensued.

### MORE MONEY FOUND

\$5,000 of Cunliffe's Loot Sewed in Baby Carriage.

Pittsburg, Oct. 31.—Five thousand dollars of the \$100,000 stolen by Edward George Cunliffe from the Adams Express company has been found in the lining of a baby carriage, where it was hidden previously to Mrs. Cunliffe's departure for her old home in Hartford, Conn. This latest find accounts for all the money stolen with the exception of about \$6,000, and the Pinkerton men feel certain they will get the most of that, too. The baby carriage was found stowed away in the attic of the home of Cunliffe's mother here and neatly sewed in the lining was \$5,000 in crisp bills.

The sentence of Cunliffe has been postponed until next Saturday in the

hope that the money still missing will be recovered.

### Another Express Loss.

Helena, Mont., Oct. 31.—The contents of a \$14,000 Northern Pacific Express package sent from Hamilton, Mont., to New York are missing, and, as a result, the express company's detectives are trying to discover what became of the money.

### He Will Break Rocks.

Augusta, Ga., Oct. 31.—George Washington Murray, a negro, once a member of congress from South Carolina, will have to spend the next three years cracking rocks and road building as a member of the chain-gang of Sumter county, though he is the largest land owner in that county. The supreme court has denied the appeal of his attorneys for a rehearing. His punishment is for forging the names of ignorant negroes to land leases.

### Negotiatio's Return.

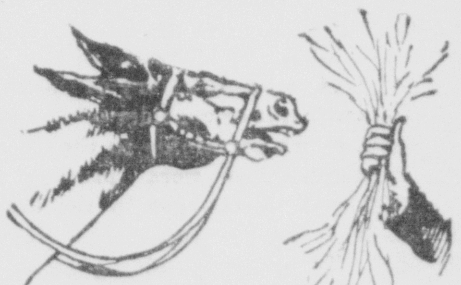

Port Said, Egypt, Oct. 31.—Rear Admiral Negatoff, who was captured May 28 by the Japanese at the battle of the Sea of Japan, arrived here and proceeded to Marseilles on board the steamer Indian. An imperial order issued at St. Petersburg Sept. 6 dismissed from the navy Rear Admiral Negatoff and four captains of Russian warships who surrendered their vessels to the Japanese during the battle of the Sea of Japan.

### The German Trade Program.

Berlin, Oct. 31.—Baron Speck von Sternberg, German ambassador to the United States, who sailed for New York Oct. 25, on the Bremen North German Lloyd steamer Kaiser Wilhelm II., will on his arrival at Washington this week submit to President Roosevelt the proposals of the German government for a new trade agreement between the United States and Germany. The ambassador takes with him full knowledge of the German government's position and is prepared to negotiate.

### Wade's Trial Begins.

Mare Island, Cal., Oct. 31.—The court martial of Ensign Charles Wade, accused of responsibility for the boiler explosion on the gunboat Bennington, has begun before the same court that has just tried Commander Young of the same vessel on a similar charge.

PERSUADE AN OBSTINATE CASE rather than rush it into action if you want to see good progress made. This is as true when it is a faulty human system as when it is a faulty machine. Alcoholic stimulants and alcoholic medicines whip the digestive functions into quick action but do not prevent the weakening reaction which follows so closely. In cases of impaired appetite and digestion—mal-nutrition and wasting away, a safe and reliable tonic is needed and is the only thing that can be relied upon. Dr. Pierce discovered, forty years ago, that Nature had provided freely for these needs of her children and that in her laboratory were the remedies. Glyceric extract of Golden Seal root, Queen's root, Stone root, Black Cherry bark, Bloodroot and Mandrake root, as prepared, combined and preserved without alcohol, in Dr. Pierce's Golden Medical Discovery, constitute the most effective and certain tonic, alterative and tissue rebuilding remedy ever offered to the public.

A prominent merchant, Mr. J. Alfred Arand, of 88 Saint Lawrence Street, Montreal, Canada, writes: "I have used Dr. Pierce's Golden Medical Discovery off and on for nine years. When I have it in the house I need no doctor or other medicine. Nine years ago, I was troubled with rheumatism. Your 'Golden Medical Discovery' eliminated the uric acid from the system. Since that time I have never been without it in the house. There is no other medicine I think so much of, nor none I think is equal. Every one to whom I recommend it is pleased with the results, and all thank me for advising its use. It is a splendid remedy for stomach troubles, colds in a few days, and is the only sure cure I know of for 'La Grippe'."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper-covered book, or 31 stamps for the cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

## Republican City Ticket.

For Mayor,  
GEORGE G. GRAESSLE.

For Treasurer,  
JAMES H. BOAKE.  
For Councilmen-at-Large,

5th Ward—FRANK BRETHAUER.

The republican city ticket is a good one from top to bottom. Every man whose name is on this ticket is a good citizen and thoroughly loyal to the welfare of our city. They are capable and worthy the support of every citizen.

THE republicans of this city believe that the stringent laws passed by a republican legislature to purify the ballot are right. They stand by this law to the letter and will obey it without equivocation.

THE insurgents in Russia have won and the people of that great country will no longer be subjected to autocracy. The czar has yielded and grants civil liberty to his people. The progress of civilization made the change necessary.

SIDNEY W. CANTWELL, speaker of the last Indiana House of Representatives, is dead. He had been sick many months. Mr. Cantwell was well known throughout the state and he was known as a man of sterling integrity and moral worth. It is a credit to the state to elect such men to public office. He never betrayed the people.

WE wonder whether the death-bed repentance of the city democracy was the product of their candidate for Mayor and Mr. Munden, his real friend and adviser, or of certain "smart" bosses, now out of a job. We are inclined to think it originated with the fellows who are not busy. Dr. Kyte is busy. Mr. Munden is busy meeting delegates in the interest of certain candidates for appointment as marshals, street commissioner, and city attorney.

THE ever-present supremacy of the law was recently demonstrated in our city. Are not the provisions of the law adequate to secure an honest election? What acts should be forbidden that are not now prohibited? We are of the opinion that those things made unlawful by the statute ought not to be tolerated, and those things not forbidden by the law are not only innocent in themselves, but ought not to be prohibited by agreement outside the law. The law, in our opinion, is more to be respected than a compact between a few political bosses and candidates. The law cannot be amended or materially improved by a hairsplitting agreement of scheming politicians, and their conclusions could not be enforced upon others, while the law governs all alike. We are content with the law impartially administered.

## Stewards Meeting.

## HOUSEKEEPERS' BOOKS.

Much Priced at Yaleville—How They Are Constructed.

Housekeepers' books are trifles which are ever in demand, but which often have little beyond their usefulness to win for them respect. The clever notion of making a handsome cover that can be slipped over each new set of blank leaves in turn at once removes them from the commonplace and makes of them Christmas gifts that any woman of taste might offer. The one given in the illustration is made of sage colored agra linen and is perhaps as good as any that can be devised. To copy it purchase the necessary blank book and both linen and linen canvas as required.

Cut two pieces of canvas each the exact size of one cover of the book. Then lay these down upon the linen in such a way as to leave sufficient space between for the hinge or the back of the book—two inches above, two inches below and two or three inches beyond at each side, according to the size of the book. Make some smooth flour paste, and turn over and paste into the canvas the linen that projects both above and below. When that is quite dry cut a strip of lining silk half an inch larger all round than the linen, turn in the edges of each and baste the two neatly together. Slip stitch the edges firmly, then turn over into the silk the extra width beyond the stiffening and over-hand the four ends together. Slip the

A USEFUL GIFT.  
covers of the book into the pockets so formed, and you will find that you have a perfect fit and that only decoration remains to complete the work. On the cover given the lettering and conventional figures were both couched with gold before making up, but any combination of color can be made or any other design either painted or embroidered with equally good results. Two ribbon loops, one at each edge of the cover, through which a pencil can be slipped, add a finishing touch and serve to keep the book closed as well as to keep the convenient pencil always at hand.

## A Probable Accessory.

Pittsburg, Oct. 31.—It is the firm conviction of everyone who is in touch with the case that, while a charge of murder has been lodged against Morris Nathan, secretary to the manager of the "Shepherd King" company, in connection with the Winthrop suitcase mystery, he is not the principal in the affair and is held because it is believed he can throw more light on the crime than anyone else. The authorities appear to believe that Nathan was unaware of the murder of the girl and that he had no part in that crime, but they seem to think that he is responsible for her receiving treatment.

## A GANG AT WORK

There Is No Doubt That Bank Burglars Are Organized.

## THIRD ATTACK MADE

At Windfall the Same Gang That Operated at Hagerstown and Ridgeville Is Foiled.

They Blew Open Outer Door to Bank Vault, But the Safe Was Not Locked.

Windfall, Ind., Oct. 30.—Burglars entered the People's bank of this city and used two chairs of explosives on the vault door leading to the safe, where a large amount of treasure was deposited. They were unable, however, to effect an entrance into the stronghold.

Robbers Still at Large.  
Hagerstown, Ind., Oct. 30.—No trace was found of the ten desperate men who entered and rifled the First National bank. It is said, however, that developments are not improbable. Comparison of the daring methods employed by the robbers makes it almost certain that they are the same men who rifled the bank at Ridgeville and secured \$5,000, and who made an ineffectual raid at Windfall. The exact amount taken from the bank here was \$5,200.

## MYSTERIOUS SHOOTING

Vevay Young Woman Mortally Wounds Her Lover.

Vevay, Ind., Oct. 30.—Guy Stanley Ryan, twenty-two years of age, a young school teacher living near Bennington, eleven miles north of this city, was shot and fatally injured by Jennie Moody, a young woman of this city.

The shooting took place in the woman's home. The bullet, fired from a 22-caliber rifle, entered the front of Ryan's neck, severing an artery, and lodging in the vertebra. The bullet produced paralysis below the hips. The young man is now in a precarious condition and the physicians have small hope of his recovery.

Whether Ryan was shot intentionally is a question, and one which cannot be definitely determined at this hour. Ryan's ante-mortem statement was taken by the physicians and is as follows:

"Miss Moody drove out to meet me at a point about six miles north of this place. We drove on in and had supper at her house. Later we were sitting in the front room talking. She picked up the rifle, pointed it at me and let it fall to the floor. Cocking the gun, she raised it a second time and shot me."

"I don't know whether she did it purposely or not. I don't know of any reason why she should have shot me. She had threatened me, however, and told me if I jilted her or ever associated with any other girl that she would shoot me."

Miss Moody, who is only eighteen years of age, was once married, but has been divorced. A short time ago she attempted suicide by taking poison over a trivial love affair. She was arrested by Marshal Stepleton shortly after the shooting, and is in jail in this city.

## Death of Sydney Cantwell.

Hartford City, Ind., Oct. 30.—After an illness of more than a year Sydney W. Cantwell is dead as the result of tuberculosis of the kidneys. Mr. Cantwell was one of the most prominent men in Indiana public life. He was born Jan. 28, 1859, and spent his boyhood in Hartford City. After receiving an education in the Hartford City high school, the old Asbury university at Greencastle and the Central Law school at Indianapolis, he took up the practice of law. Mr. Cantwell was elected joint representative of Blackford, Jay and Randolph counties in the years 1903 and 1905, and in January, 1905, he was elected speaker of the house. Cantwell is survived by a widow and two children.

## Despondent Man's Suicide.

Fairmount, Ind., Oct. 30.—Brooding over the fatal illness of his favorite daughter, who is a victim of tuberculosis, John Durnion, forty-one years old, is dead from the effects of morphine poisoning, having swallowed a large quantity of the drug. He leaves a widow and a large family of children, who are in destitute circumstances.

## Fire at New Albany.

New Albany, Ind., Oct. 30.—Fire of an unknown origin destroyed the Doerhoefer block, causing a loss of \$18,000 to the stock of George E. Steinhouser, who ran a paper and picture store, and \$10,000 to the stock of Fred Erick Tyraur, the proprietor of a queensware store. The loss was only partially covered by insurance.

## Merchant's Fatal Fall.

Indianapolis, October 30.—William Kotteman, a well-known dealer in house furnishings, fell through the coal chute at the Century building, a distance of twelve feet, fractured his skull at the base of the brain and died ten minutes after being received at the city hospital.

## How to Cure Corns and Bunions.

First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five or ten minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled.

## Some Seasonable Advice

It may be a piece of superfluous advice to urge people at this season to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by C. W. Milbous.

## A Judicial Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine whether it was wanted for a child or for an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup is unsurpassed. For sale by C. ## HAD CATARRH

For Fifteen Years And Dreaded Consumption.

Mr. Arthur Gaul of Wellsville, Ohio writes: "I wish every one suffering from catarrh or bronchial troubles knew the value of Vinol as I do. Before taking it I had catarrh for fifteen years, and for the last year I had a pain in my lungs and coughed night and day, which caused me to lose flesh. I felt sure I was going into consumption, as nothing seemed to help me.

"Vinol was recommended, and after taking four bottles I am entirely cured. I would not take \$1000 for the good it has done me. I wish I could persuade everybody who suffers from catarrh and bronchial troubles, or who dreads consumption, to try Vinol."

"To further convince the people of Seymour in regard to the value of Vinol, we the W. F. Peter Drug Co., declare it to be the most valuable preparation of cod liver oil for all wasting diseases the greatest health restorer and strength creator for the weak, the convalescent and the aged which we have ever sold.

We can only ask every person in Seymour to try Vinol on our guarantee to return their money if it fails. This is a fair, honest offer on which you cannot lose." W. F. Peter Drug Co.

## Pay Your Taxes.

The state auditor has communicated with the county treasurer, W. W. Isaacs, that the time for paying taxes without the delinquent penalty being added ends with the first Monday in November. The treasurer has no longer any way whatever to protect any one who comes in even one day late. The law is now very strict and there is no way to evade it. Therefore it behooves every one to look after the payment of his taxes before next Monday night.

The song recital given at the Christian church last night by Mrs. Princess C. Long was a rare musical treat to the large audience in attendance. Heartily applauded at the end of each number showed a pleased body of hearers of good music. Mrs. Long is one of America's most gifted singers and the opportunity to hear her magnificent voice, her distinct enunciation and her purity of tone was one fortunate for the music lovers. Her selections were well chosen and with her clear voice and correct and artistic style she possesses all the attributes of a successful singer. The audience which crowded the church was also well pleased with her selection of readings and delivery. Mrs. W. F. Peter furnished the accompaniments for her vocal numbers.

Damage Suit.

Evansville, Ind., Oct. 31.—Allen Gray, a millionaire, of this city, and brother of the late Senator James Gray, has been made a defendant in a damage suit for \$5,000 brought by Albert S. Dickey, a rural mail carrier, of West Baden, Ind. In July last Dickey's mail wagon was struck by Gray's tourist car near West Baden, and Dickey says he was so badly injured that he has been unfit for any labor.

Gray was arrested a short time after the accident by a deputy United States marshal, charged with interfering with the mails. He was tried before United States Commissioner Wartmann here and released.

### HELD TO ANSWER

Peru Man Arrested on Charge of Wife Murder.

South Bend, Ind., Oct. 31.—George Durkes of Peru, Ind., was arrested here on a charge of killing his wife by poisoning. The alleged motive for the crime charged is the desire to marry his present wife. Durkes's marriage three months after the death of his first wife caused an investigation that led to his arrest. He has been living in this city since August. His second wife was with him in his cell, and he made an unsuccessful effort to console her.

Durkes says he had trouble with his daughter over her second marriage and to satisfy her he decided over to her property in Peru. He married his present wife, formerly Harriet Jones, at Peru in September. His first wife died last April, he says, from a stroke of paralysis. Durkes is forty-two years old and a German. His wife is in a serious condition over the arrest. Durkes will be taken back to Peru.

### Had Lived Long Enough.

Indianapolis, Oct. 31.—James G. Wright, eighty-five years old, killed himself by firing a bullet into his brain. He was widely known as Capt. Wright, and for more than half a century he was prominent in business circles in southern Indiana. Wright was formerly a steamboat captain in charge of boats plying the Ohio and Mississippi rivers. He had grown dependent, and killed himself because he thought he was living too long. He was a man of wealth, and was hale and hearty in spite of his years.

### The Town Will Lose.

Connersville, Ind., Oct. 31.—The Central Manufacturing company, whose plant was recently destroyed by fire, have decided not to rebuild. The company had a payroll last year calling for \$96,000, and the loss of this wage distribution will be seriously felt in this city. The company has received offers of bonuses from several cities, but it is not likely that any of them will be accepted. Most of the former employees have gone to Madison.

### Fatal Saloon Brawl.

Terre Haute, Ind., Oct. 31.—Edward Clem, proprietor of a saloon in this city, was perhaps fatally stabbed by Caleb Woodward in a fight in his place. Woodward engaged in a quarrel with several other men and when Clem attempted to put him out Woodward drew a dirk knife and slashed him across the abdomen. Woodward made his escape and has not been captured.

### Shoplifter Confesses.

Knox, Ind., Oct. 31.—Mrs. Wyant, who was arrested with her sister, Clara Miller, on a charge of shoplifting, has confessed and a search of her home in this county revealed silks and laces valued at several thousand dollars. Rather than bear the humiliation of serving a jail sentence, the Miller woman committed suicide by cutting her throat immediately after she had been arrested.

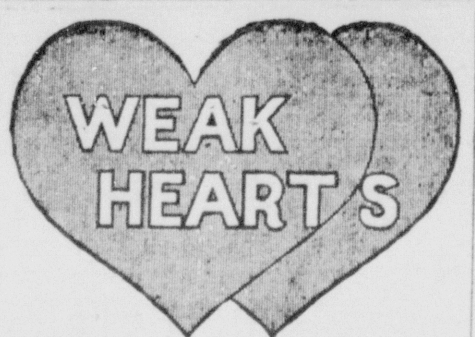

### Theory of the Police.

Richmond, Ind., Oct. 31.—It is the general theory of the local police department that the bank robberies at Hagerstown, Ridgeville and Windfall were committed by members of the famous McCoy gang of western Ohio. The members of the local police department who have been working on the case have found several clues and several arrests are expected.

Extension of the Southern.  
Evansville, Ind., Oct. 31.—The Southern Railroad will build a branch road to Folsomville, Ind. The branch will leave the Evansville & Jasper division at some point between Bonville and De Conia and work on the road will commence at once. The extension of the Jasper line of the Southern, from Jasper to French Lick, Ind., will not be completed for about a year.

### A Pleasure to All.

No pill is as pleasant and positive as DeWitt's Little Early Risers. These Famous Little Pills are so mild and effective that children, delicate ladies and weak people enjoy their cleansing effect, while strong people say they are the best liver pills sold. Sold by

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

MRS. LORING NICHOLS, Penn. Fan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

**Do You Want Strength?**

If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Kodol Dyspepsia Cure adds to the physical. It gives strength to and builds up strength in the human system. It is pleasant to the taste and palatable, and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strength-giving qualities. Sold by A. J. Pellens, and W. F. Peter Drug Co.

## MONEY TALKS

And It Says That Republicans Will Win at Indianapolis.

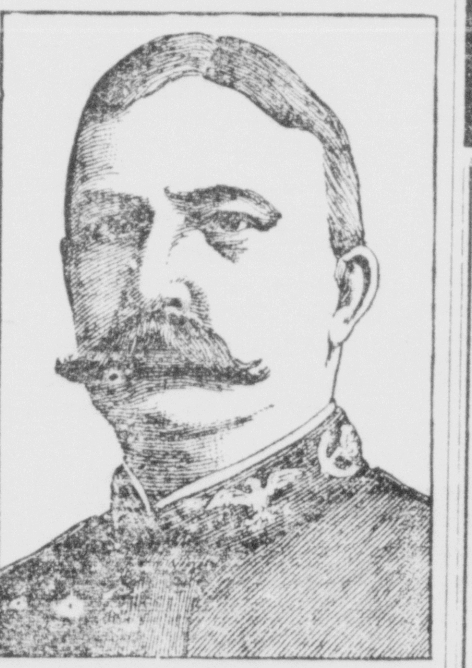

Indianapolis, Oct. 31.—The betting on the local municipal election is heavier than expected. In fact probably more money will be wagered than ever before on a city election in this state. Some large bets were made today. One of \$4,500 to \$3,375 that Bookwalter will win was taken this afternoon at Harry Walker's. Another of \$5,000 to \$2,500 was taken at the same place, but it was not posted on the board. At the City Club there was an untaken bet of \$3,750 to \$3,000 on Mayor Holtzman. There were a score of bets over \$100 taken yesterday afternoon at one place. Both sides have arranged for a whirlwind finish. Bookwalter will have the assistance of Senator Beveridge, who will speak at Tomlinson hall Wednesday night; Addison C. Harris, former minister to Austria, and other prominent men, who will urge the Republicans to vote for Bookwalter because he is a Republican.

The woman's prison and girls' industrial school here is again in the public limelight because of charges of cruelty and incompetency made against Miss Emily Rhoades, superintendent. The Local Council of Women, with a membership of 3,000, has petitioned Governor Hanly and the board of state charities for a public hearing of the charges against Miss Rhoades. The resolutions adopted by the council set out that charges of incompetency, cruelty, incapacity, vindictiveness, untruthfulness, violation of the law and similarly poisonous qualities of character and practices have been publicly made against the superintendent. The committee did not get much comfort at the governor's office. They say the governor told them their resolutions were premature; that the law covered all such investigations and the law will be followed to the letter. The governor said he told them that in his opinion it would have been better for them to have left the investigation to regularly constituted authorities, at least until some of them had proved derelict in the performance of their duties.

C. B. McAdams, one of the Republican members of the railway commission, is moving his family here from Williamsport and will reside across the street from Governor Hanly. U. B. Hunt and W. J. Woods, the other members, will not move to Indianapolis. McAdams is following the custom of all state officials in retaining their residence at the place from where they removed. He will vote at Williamsport. The governor could vote here according to a provision in the constitution, but he says he will continue voting at Lafayette. Dan Storms, secretary of state, also votes at Lafayette. Most of the state officials are taking an active part in the city campaign here—that is, as active as they can openly. Attorney General Miller, Storms, Clerk of the Supreme Court Brown and others have been attending organization meetings, while Governor Hanly is lending all the support he can. He believes that Bookwalter will make a good mayor if he is given another opportunity.

### A Job for the Marines.

Shanghai, Oct. 31.—Rear Admiral Train, commander-in-chief of the American Asiatic squadron, and his son, Lieutenant Train, were attacked

REAR ADMIRAL CHARLES J. TRAIN.

by Chinese outside of Nanking while pheasant shooting. The admiral accidentally shot a Chinese woman, slightly injuring her. Villagers surrounded the officers, took away their guns, knocked the admiral down and held Lieutenant Train as a hostage. Forty American marines landed as a rescue party were attacked by a mob of Chinamen who tried to pitchfork the officers. The marines were obliged to fire twice.

Still Have Hopes of Gas.

Elwood, Ind., Oct. 31.—Farmers in several of the neighboring communities are organizing gas companies and will at once proceed to drill wells in the hope of securing the fuel they have enjoyed so long for the coming winter. Twelve men have each contributed \$100 and are now sinking a well on the farm of Albert Hines.

A Mistrial.

Connersville, Ind., Oct. 31.—The jury in the noted trial of Mrs. Grace Kelsa against her mother-in-law, in which the latter was sued for \$15,000 damages for the alleged alienation of her husband's affections, failed to agree and the case will probably be heard again at the December term of court.

## Distinctively Different, In Every Way the Best

The Weekly Globe-Democrat, of St. Louis, covers a field peculiarly and exclusively its own. It is issued twice every week. A big Semi-Weekly paper. Eight to ten large pages every Tuesday and Friday. One Dollar a year. Nothing particularly different, you say, about that—there are other Twice-a-Week papers. Yes, but the similarity ends there. No other paper is like the Globe-Democrat in any other respect. No other paper equals the Globe-Democrat in any respect. An entirely unique feature of the Globe-Democrat, a feature which is highly praised by its readers, is its systematic method of preserving and presenting the Continuity of News. The two papers each week, Tuesday and Friday, are carefully prepared with the view of giving the complete news of all the world for that week. They are so combined in the make up as to form continued and connected stories of the various important events, showing the developments from day to day and the final results. Other weekly and twice-a-week papers, as a rule, print only a few telegrams of the day of issue. The 'Twice-a-Week' Globe-Democrat gives the telegrams of every day in the week more comprehensively than the average Daily, and of more value to the average reader. Moreover, the 'Twice-a-week' Globe-Democrat is not simply an echo of the Daily edition. It is a separate and distinct publication, especially prepared to supply the requirements of people who want all the news of all the earth—and something more. It presents the World's daily history in concise but complete form. It is of equal interest in all parts of the United States. It is invaluable alike to men and women, young and old. It thoroughly provides for every member of the family. In high-grade literature it particularly excels. Its market reports are correct and complete in every detail. Its departments devoted to 'The Home,' 'The Farm and Garden,' 'The Family Circle,' 'The Sunday School,' 'Science and Industry,' are each and all The Best of their kind and either one is more than worth the subscription price of the paper. In politics it is strictly Republican, but it is above all a newspaper, and tells the truth without fear or favor. It has no equal or rival as a great National news and home journal. Remember the price, only One Dollar per year—104 papers—less than one cent a copy. Postage prepaid. You will make no mistake if you send \$1.00 today for a year's subscription. Or you can get your own paper One Year Without Cost by inducing two of your neighbors to subscribe and sending their names with \$2.00. FREE SAMPLE COPIES, containing order blanks and full particulars, will be cheerfully furnished upon receipt of postal card request.
